

The Justin Charity Bear Fund.

My name is **Justin Martin**. I'm 7 years old... I'm the founder of The Justin Charity Bear Fund. It is a non profit organization.

The **purpose** of the charity is to make and give stuffed animals to less fortunate children during the 2009 holiday season. The stuffed animals will be made by children and volunteers that also wish to share the **importance** of giving and sharing. The Justin Charity Bears will be given to children in financial need located in the surrounding area of Newark NJ to include hospitals and homeless shelters.

My **goal** is to make and give away at least 1000 stuffed animals during the holiday season. Last year I gave away **850 Bears**. The **Newark Housing Authority** has agreed to help distribute Justin Bears throughout the Newark community. **Mr. Kinard** is a **cool guy**. I met with **Mayor Cory Booker** and he is a **cool guy** because he has agreed to help too.

I asked my **Daddy** and friends to help me. Will you please help me too?
